

**Petition for Removal of Open Shelter and Shelter House from Library Park Plan**

We, the undersigned, have either personally appeared or supported those who have personally appeared at meetings related to the Library Park and the impact it has had on the residents of the City of Powell who reside near the Library Park. Though we have been patient and courteous in our comments, apparently those who wish to control the \$7 million plus of our tax dollars to construct park improvements have either ignored our comments or decided that they know better than us how the erection of an Open Shelter or Shelter House will impact our use and enjoyment of our own homes and property. Kindly recognize the written demand of the undersigned to immediately cease and desist any actions related to the planning or construction of any further improvements to the Library Park that would include any type of Open Shelter or Shelter House.
