Powell, OH: The City of Powell's 2009 Street Maintenance Program work gets under way on Monday, July 13.

This year's program includes work along South Liberty Street as well as in the following subdivisions: Grandshire, Falcon Ridge, Olentangy Ridge, The Chase and The Retreat. The project includes milling, patching, planing and overlay work. In addition, some crack sealing will be done in Rutherford Estates and Middlebury Estates.

The South Liberty Street repairs are anticipated to be completed within a week, while work in the subdivisions is expected to be concluded by the end of August. Traffic will be maintained during this time, and no road closures are planned; however, a minor detour may be necessary to facilitate through traffic flow along South Liberty Street, with South Liberty Street remaining open to local traffic.

For more information, contact Public Information Officer Jeff Robinson or Assistant City Engineer Chris Huber at 614.885.5380.
