3.7 - MINIMUM DELIVERY CHARGE:

3.11 – PAYMENT:

During the term of this Contract, a third-party financing option will be made available to State agencies only; not to political subdivisions. The contractors (dealers) will be notified by the State to review the order to pay process utilized by the third-party administrator. Contractors will continue to receive payment in full; either from the State or the third-party administrator. If payment is received from the third-party administrator, the title to the vehicle is to (may) be forwarded to the third-party administrator. If a third-party administrator is used for payment, there could be a delay in receipt of payment.

It is unknown which agencies may purchase through a third-party administrator or quantity of vehicles being purchased. This payment method may increase the number of vehicles purchased. Electronic Funds Transfer (EFT) may be used as payment method with mutual agreement between the third-party financing administrator and the dealer.

Payment will be issued once full order is completed and vehicles are delivered to ordering agency.

3.12 - CANCELLATION AFTER ORDER CONFIRMATION:

If an ordering agency needs to cancel any units due to agency error (wrong vehicle, over purchase, discontinued use, inventory reduction, etc.) after receiving the confirmation from the factory as described in Section 1.5.1, Delivery, the contractor may accept or reject the cancellation. 3.17 – ADVERTISEMENT:

Dealer name-signs shall not be affixed to any part of the delivered vehicle.

3.18 – DEALER LICENSE:

The Bidder should submit their dealer license/permit issued by the State of Ohio with their bid response. If not provided as part of the bid response, the Bidder must provide said dealer license within seven (7) calendar days after request/notification by the Office of Procurement Services. Failure to submit the dealer license within the stated time period may result in the bid response being deemed as not responsive.

Bidders should submit a letter with their bid response certifying that they are the manufacturer or an authorized dealer of the manufacturer of the products being bid. This certification must be on the manufacturer's letterhead and must be signed by a duly authorized manufacturer's representative. If not provided as part of the bid response, the Bidder must provide said statement within seven (7) calendar days after request/notification by the Office of Procurement Services. Failure to submit the certification letter within the stated time period may result in the bid response being deemed as not responsive.

3.20 – SALES LICENSE:

Contractor must be licensed to sell new motor vehicles pursuant to ORC [4517.01](#) and [4517.02](#).

DAS may ask for proof of a salesperson's license after bid opening if not provided at bid opening. If requested, the Bidder will have seven (7) calendar days to respond.

If the owner/partner who is listed on the dealer's license is selling to the State, rather than a salesperson, an affirmation letter stating this must be provided in lieu of a salesperson license.

3.22 - ENERGY POLICY ACT:

The Energy Policy Act was signed into law in 1992. Under the act, state and federal government fleets must begin phasing in alternative fuel vehicles as replacements for petroleum fuel vehicles. The act recognizes methanol, ethanol and other alcohol-gasoline blends, natural gas, liquefied petroleum gas and other fuels as sources of replacement ("reformulated gasoline" and 10% ethanol are excluded from the definition of alternate fuels).

3.23 - COOPERATIVE PURCHASING CONTRACT:

This Contract may be utilized by Cooperative Purchasing Members. "Cooperative Purchasing Members" or "Co-op Members" are entities that qualify for participation in the State's cooperative purchasing program under Section 125.04 of the Ohio Revised Code ("ORC") and that have completed the steps necessary to participate in that program. They may include Ohio political subdivisions, such as counties, townships, municipal corporations, school districts, conservancy districts, township park districts, park districts created under Chapter 1545 of the ORC, regional transit authorities, regional airport authorities, regional water and sewer districts, and port authorities. They also may include any Ohio county board of elections, state institutions of higher education, private fire companies, private, nonprofit emergency medical service organizations, and chartered nonpublic schools.

If a purchase is made from this Contract by an entity that is not properly registered with the State's Cooperative Purchasing Program, it may be a violation of law, may be contrary to the entity's competitive bidding requirements, and will be a breach of this Contract by the Contractor. If a Cooperative Purchasing Member relies upon this Contract to issue a purchase order or other ordering document, the Cooperative Purchasing Member "steps into the shoes" of the State under this Contract. The Cooperative Purchasing Member's order and this Contract are between the Contractor and the Cooperative Purchasing Member. The Contractor must look solely to the Cooperative Purchasing Member for performance, including payment. The Contractor agrees to hold the state of Ohio harmless with regard to Cooperative Purchasing Member's orders and Cooperative Purchasing Member's performance. DAS may cancel this Contract and may seek remedies if the Contractor fails to honor its obligations under an order from a Cooperative Purchasing Member.

3.24 - CONTRACTOR QUARTERLY SALES REPORT:

The Contractor must report the quarterly dollar value (in U.S. dollars and rounded to the nearest whole dollar) of the sales to Cooperative Purchasing Members under this Contract by calendar quarter (e.g. January-March, April-June, July-September and October-December). The dollar value of the sale is the price paid by the Contract user for the products and/or services listed on the purchase order or other encumbering document, as recorded by the Contractor.

To submit this quarterly sales report, the Contractor is responsible for obtaining access to Ohio|Buys and must report the quarterly dollar value of sales to Cooperative Purchasing Members to the Department of Administrative Services (DAS) via the Internet using Ohio|Buys at the following web address supplier-emarketplace.ohio.gov . If no sales occur, the Contractor must report zero. The report must be submitted no later than thirty (30) days following the completion of the reporting period.

The Contractor shall also submit a close-out report within one hundred and twenty (120) days after the expiration of this Contract. The Contract expires upon the physical completion of the last outstanding task or delivery order of the Contract. The close-out report must cover all sales not shown in the final quarterly report and reconcile all errors and credits. If the Contractor reported all contract sales and reconciled all errors and credits on the final quarterly report, then the Contractor should show zero "0" sales in the close-out report.

If the Contractor fails to submit sales reports, falsifies reports or fails to submit sales reports in a timely manner, DAS may terminate this Contract.

3.25 - CONTRACTOR REVENUE SHARE:

The Contractor must pay to the State a share of the sales transacted under this Contract as a fee to the State to cover the estimated costs the State will incur in administering this Contract and the Services offered under it ("Revenue Share").

The Contractor must remit the Revenue Share in U.S. dollars within 30 days after the end of the quarterly reporting period. The contract will be awarded to the lowest responsive and responsible bidder by line item.

5.3 – EVALUATION:

If estimated usages are unknown a quantity of one (1) will be used for the evaluation. If there is no "delivery charge per mile round trip map mileage rate" supplied or, the calculated value of the delivery charge is less than the minimum delivery charge, the minimum delivery charge will be used for evaluation purposes. The State reserves the right to reject the "per mile" delivery charge or the "minimum" delivery charge if it is determined to be excessive.

Example Calculation:

Total Item Cost = [(vehicle unit price) x (estimated number of units)] + [(delivery charge per mile round trip x 300) x estimated number of vehicles]
