2 - STANDARD TERMS AND CONDITIONS

The State of Ohio [Standard Terms and Conditions](#) (revised 03/31/25) govern this Contract and are incorporated as if fully rewritten herein.

3 - CONTRACT SPECIFIC TERMS AND CONDITIONS

3.1 - ORDER OF PRIORITY:

The order of priority of the Contract will be the following: 1.) Specifications and Requirements; 2) Contract Specific Terms and Conditions; 3) Standard Terms and Conditions.

3.2 - AMENDMENT TO CONTRACT TERMS AND CONDITIONS:

The following Amendments to the Contract Terms and Conditions do hereby become a part hereof. In the event that an amendment conflicts with the Contract Terms and Conditions, the Amendment will prevail.

3.3 - BRAND SPECIFIC:

The items listed are being bid by specified manufacturer brand pursuant to Ohio Administrative Code 123:5-1-10 (D)(6). No other brands of products will be acceptable.

3.4 - FIXED PRICE WITH ECONOMIC ADJUSTMENT FOR MODEL YEAR UPDATE:

The contract prices(s) will remain firm at the listed price(s) for the model year awarded for the duration of the contract. Upon notification of the Model Year Build out of the Model Year awarded, the Contractor may submit a request to roll over current pricing to the next model year or increase their prices for the next model year of the Make/Model awarded, to be effective thirty (30) calendar days after acceptance by DAS. If pricing is unknown at the time of build out notification, Contractor can request the price adjustment as soon as that information is available. Contractors must submit price increase requests for the next model year of Make/Model awarded no later than 90 days prior to the end of the current contract. No price adjustment will be permitted prior to the effective date of the increase received by the Contractor from its suppliers, or on purchase orders that are already being processed, or on purchase orders that have been filled and are awaiting shipment. Price adjustments due to manufacturer cancellation require Agency approval (see Section 1.5.5.C). If the Contractor receives orders requiring quarterly delivery, the increase will apply to all deliveries made after the effective date of the price increase.

The proposed model year price increase must be justified by providing the updated manufacturer's pricing for the next model year. The proposed percentage price increase for the new model year contract item must not exceed the manufacturer's MSRP percentage price increase year over year. Optional equipment item pricing updates can only be updated with the new model year update information and must not exceed the manufacturer's MSRP percentage price increase year over year. Supportive documentation should include but is not limited to: copies of the old and the current price lists or similar documents which indicate the original base and options cost of the product to the Contractor and the corresponding increase, and/or copies of correspondence sent by the Contractor's supplier on the supplier's letterhead, which contain the above price information.

Should there be a decrease in the cost of the finished product due to a general decline in the market or some other factor, the Contractor is responsible to notify DAS immediately. The price decrease adjustment will be incorporated into the contract and will be effective on all purchase orders issued after the effective date of the decrease. If the price decrease is a temporary decrease, such should be noted on the invoice. In the event that the temporary decrease is revoked, the contract pricing will be returned to the pricing in effect prior to the temporary decrease. For quarterly deliveries, any decrease will be applied to deliveries made after the effective date of the decrease. Failure to comply with this provision will be considered as a default and will be subject to the "Suspension/Termination" and the "Contract Remedies" sections of the "Standard Contract Terms and Conditions."

3.5 - OPTIONS PRICING NOTE:

Options prices bid are to be less than the manufacturer's suggested retail price(s) (MSRP). Bidder signifies by the completion of "Bid Certification" in their response that the option prices bid are less than MSRP. Bidders found to be over charging for options at the time of invoicing will be required to submit corrected invoices reflecting proper pricing.

Bidders must either, indicate the Required Option is included with the base unit or available at no additional charge by entering \$0.00, or providing a price. Bidders that decline a Required Option or respond with no cost but cannot provide this item may be deemed not responsive and ineligible for award.

If an option is not available as original factory equipment and is supplied as an aftermarket item, the Dealer Part Number field is to include an "AM" designation.

3.5.2 - ADDITIONAL OPTION PACKAGES:

Bidders may elect to supply pricing for popular or common option packages not included as a required options on the Item Grid. Additional option packages quoted will be made available to the ordering entities at the discretion of DAS, as part of the Contract.

Any option not specified on the Item Grid will be made available to the ordering entities, following Contract award and DAS approval, at the Unspecified Option Price. Bidder is to specify the percentage on the Specification Identification, Unspecified Option Price, & Delivery form and attach form via Questionnaire. If no Unspecified Option Price is provided by the Bidder, the State will assume that the price will be equal to the manufacture invoice. The Unspecified Option Price specified by the Bidder will not be used in the vehicle evaluation.

Contractor must be licensed to sell new motor vehicles pursuant to ORC [4517.01](#) and [4517.02](#).

DAS may ask for proof of a salesperson's license after bid opening if not provided at bid opening. If requested, the Bidder will have seven (7) calendar days to respond.

If the owner/partner who is listed on the dealer's license is selling to the State, rather than a salesperson, an affirmation letter stating this must be provided in lieu of a salesperson license.

3.21 - ENERGY POLICY ACT:

The Energy Policy Act was signed into law in 1992. Under the act, state and federal government fleets must begin phasing in alternative fuel vehicles as replacements for petroleum fuel vehicles. The act recognizes methanol, ethanol and other alcohol-gasoline blends, natural gas, liquefied petroleum gas and other fuels as sources of replacement ("reformulated gasoline" and 10% ethanol are excluded from the definition of alternate fuels).

3.22 - COOPERATIVE PURCHASING CONTRACT:

This Contract may be utilized by Cooperative Purchasing Members. "Cooperative Purchasing Members" or "Co-op Members" are entities that qualify for participation in the State's cooperative purchasing program under Section 125.04 of the Ohio Revised Code ("ORC") and that have completed the steps necessary to participate in that program. They may include Ohio political subdivisions, such as counties, townships, municipal corporations, school districts, conservancy districts, township park districts, park districts created under Chapter 1545 of the ORC, regional transit authorities, regional airport authorities, regional water and sewer districts, and port authorities. They also may include any Ohio county board of elections, state institutions of higher education, private fire companies, private, nonprofit emergency medical service organizations, and chartered nonpublic schools.

If a purchase is made from this Contract by an entity that is not properly registered with the State's Cooperative Purchasing Program, it may be a violation of law, may be contrary to the entity's competitive bidding requirements, and will be a breach of this Contract by the Contractor. If a Cooperative Purchasing Member relies upon this Contract to issue a purchase order or other ordering document, the Cooperative Purchasing Member "steps into the shoes" of the State under this Contract. The Cooperative Purchasing Member's order and this Contract are between the Contractor and the Cooperative Purchasing Member. The Contractor must look solely to the Cooperative Purchasing Member for performance, including payment. The Contractor agrees to hold the state of Ohio harmless with regard to Cooperative Purchasing Member's orders and Cooperative Purchasing Member's performance. DAS may cancel this Contract and may seek remedies if the Contractor fails to honor its obligations under an order from a Cooperative Purchasing Member.

3.23 - CONTRACTOR QUARTERLY SALES REPORT:

The Contractor must report the quarterly dollar value (in U.S. dollars and rounded to the nearest whole dollar) of the sales to Cooperative Purchasing Members under this Contract by calendar quarter (e.g. January-March, April-June, July-September and October-December). The dollar value of the sale is the price paid by the Contract user for the products and/or services listed on the purchase order or other encumbering document, as recorded by the Contractor.

To submit this quarterly sales report, the Contractor is responsible for obtaining access to Ohio|Buys and must report the quarterly dollar value of sales to Cooperative Purchasing Members to the Department of Administrative Services (DAS) via the Internet using Ohio|Buys at the following web address supplier-marketplace.ohio.gov. If no sales occur, the Contractor must report zero. The report must be submitted no later than thirty (30) days following the completion of the reporting period.

The Contractor shall also submit a close-out report within one hundred and twenty (120) days after the expiration of this Contract. The Contract expires upon the physical completion of the last outstanding task or delivery order of the Contract. The close-out report must cover all sales not shown in the final quarterly report and reconcile all errors and credits. If the Contractor reported all contract sales and reconciled all errors and credits on the final quarterly report, then the Contractor should show zero "0" sales in the close-out report.

If the Contractor fails to submit sales reports, falsifies reports or fails to submit sales reports in a timely manner, DAS may terminate this Contract.

3.24 - CONTRACTOR REVENUE SHARE:

The Contractor must pay to the State a share of the sales transacted under this Contract as a fee to the State to cover the estimated costs the State will incur in administering this Contract and the Services offered under it ("Revenue Share").

The Contractor must remit the Revenue Share in U.S. dollars within 30 days after the end of the quarterly reporting period. The Revenue Share that the Contractor must pay under this Contract equals $\frac{3}{4}$ of 1% of the total quarterly sales reported. The Revenue Share must be included in the prices reflected in any order and reflected in the total amount charged to the State, and the Contractor may not add a surcharge to orders under this Contract to cover the cost of the Revenue Share.

The Contractor must remit any amount due as the result of a quarterly or closeout sales report at the time the quarterly or closeout sales report is submitted to the Department of Administrative Services, Office of State Purchasing. To ensure the payment is credited properly, the Contractor must identify the payment as a "State of Ohio Revenue Share" and include this Contract number, total report amount, and reporting period covered.

Contractor will pay the Revenue Share by check remittance, both normal and overnight, credit card payment via the State's epayment portal, or ACH payment, if approved by the State, using the instructions below

Check remittance:

Follow the remittance instructions on the required Quarterly Sales Report and Revenue Share Remittance Form at the following link, <https://das.ohio.gov/revenueshareform>

Credit Card Payments:

To pay by credit card, use the following link, <https://epay.das.ohio.gov/Payment>, select "Revenue Share" as the payment type and follow the on-screen prompts.

ACH Payments:

If this payment method is approved by the State, the State will provide payment instructions to Contractor.

If the full amount of the Revenue Share is not paid within 30 days after the end of the applicable reporting period, the non-payment will constitute a contract debt to the State. The State may setoff any unpaid Revenue Share from any amount owed to the Contractor under this Contract and employ all other remedies available to it under Ohio law for the non-payment of the Revenue Share. Additionally, if the Contractor fails to pay the Revenue Share in a timely manner, the failure will be a breach of this Contract, and the State may terminate this Contract for cause as set forth herein and seek damages for the breach.

4 - INVITATION TO BID INSTRUCTIONS

[Instructions, Terms and Conditions for Bidding](#) that apply to the solicitation.

5 - SPECIAL INSTRUCTIONS TO BIDDERS

5.1 – DELIVERY:

Supplies will be delivered to the participating agency within the timeframe noted on the contract for the item after receipt of order. The delivery location will be noted on the purchase order issued by the participating agency.

5.2 - CONTRACT AWARD:

The contract will be awarded to the lowest responsive and responsible bidder by line item.

5.3 – EVALUATION:

Bids will be evaluated in accordance with Article I-15 of the "Instructions to Bidders". In addition, the State will evaluate the bid based on the total item cost, which equals the estimated number of units multiplied by the unit bid price plus the appropriate delivery charge. If estimated usages are unknown a quantity of one (1) will be used for the evaluation. If there is no "delivery charge per mile round trip map mileage rate" supplied or, the calculated value of the delivery charge is less than the minimum delivery charge, the minimum delivery charge will be used for evaluation purposes. The State reserves the right to reject the "per mile" delivery charge or the "minimum" delivery charge if it is determined to be excessive.

Example Calculation:

Total Item Cost = [(vehicle unit price) x (estimated number of units)] + [(delivery charge per mile round trip x 300)
x estimated number of vehicles]

5.4 - DESCRIPTIVE LITERATURE:

The Bidder may be required to submit descriptive literature of the supplies or services being offered. If requested, the literature will be used in the evaluation process to determine the lowest responsive and responsible bidder. If not provided as part of the bid response, the Bidder must provide said literature within seven (7) calendar days after request/notification by the Office of Procurement Services to do so. Failure of the bidder to furnish descriptive literature either as part of their bid response or within the time specified herein may deem the bidder not responsive.
