

REGISTERING YOUR BUSINESS WITH THE REGIONAL INCOME TAX AGENCY (RITA)

Businesses are required to register with RITA if they conduct business in a RITA Municipality. Examples of business activities include, but are not limited to:

- Performing work/services
- Owning property
- Collecting rent
- Having employees working in the municipality

Municipalities may require proof that a business is registered with RITA before issuing various permits.

RITA provides businesses with two electronic registration options that provide immediate confirmation of registration.

Business Registration Options:

MyAccount

RITA's online account tool that allows businesses to register, add a subcontractor or report a new location to an existing registration AND offers these additional features:

- Electronically file and remit employer withholding;
- Enroll in eBilling to receive an email when a new billing statement is available and eliminate your paper bills
- Send secure messages to RITA for questions

Username and password required – account information can be accessed at any time.

Online Registration

Electronically register your business with RITA without creating an online account

- No login required – registration completed in one online session
- Use to register business activity in a new municipality, register subcontractors or report a rental property

If you prefer to register using paper:

- Download the Business Registration Form 48 on <https://www.ritaohio.com/>
- Fill out the sections that apply to your company
- Mail to RITA at the address indicated

Business Account Identification

RITA uses your Federal Employer Identification Number (FEIN) to identify your business account information.

Penalty and Interest Charges for Not Paying Municipal Income Tax

Penalty and interest will be charged if you **fail to**:

- pay taxes when due
- remit taxes withheld from employees
- withhold on all taxable wages at the correct tax rate
- report and pay estimated taxes equal to or greater than either:
 - 90% of the amount of tax due for the year as shown by the annual return, or
 - The previous tax year's tax liability

MUNICIPAL INCOME TAX GUIDE FOR NEW BUSINESSES IN OHIO

New business growth in Ohio is developing faster than ever before. As you start your new adventure, we have created this guide to assist you in navigating municipal income tax in your new business journey.

Municipal Income Tax in Ohio

In the State of Ohio municipal income taxes are created by the laws of each municipality. The tax is an annual tax levied on the income of every person residing in or earning or receiving income in the city. Generally, the purpose of the tax is to provide for essential municipal services and necessary capital improvements as set forth by each individual city or village in Ohio.

Determining What Municipal Income Tax Holding is Required

Your requirements are based on the location(s) of your business. RITA can help you determine your requirements.

Municipal Tax in Ohio is Levied On:

Residence Tax

Individuals that live in municipalities

Workplace Tax

Individuals that earn taxable income in municipalities

Net Profit Tax

Businesses that earn taxable income in municipalities

RITA's Role

RITA is not a "municipality," and cannot levy its own income tax - there is actually no such thing as the "RITA Tax." Rather, the municipal income taxes that RITA administers belong to each of the Ohio cities and villages that have joined with RITA. The income tax is created by the laws of each municipality, and RITA administers these taxes on their behalf.

Understanding the Difference Between Net Profit Tax and Payroll Withholding Tax

Withholding

- Tax withheld from income earned in a municipality by employees of a business, or tax withheld for an employee's resident municipality, is considered to be withholding tax.

Net Profits Tax

- The Net Profit tax is also a municipal income tax. This is the tax on the income earned by the business in the municipality.

Penalties for Not Filing Municipal Income Taxes

Penalties and interest will be charged if you:

- Fail to pay taxes when due
- Fail to remit taxes withheld from employees
- Fail to withhold on all taxable wages at the correct tax rate
- Fail to report and pay estimated taxes equal to or greater than either:
 - 90% of the amount of tax due for the year as shown by the annual return, or
 - The previous tax year's tax liability
